2. What would you suggest for upcoming meetings?
 - Opportunity for training on leadership. Dealing with conflict. How social media plays/can play an important role in worship. Discussion on where the church can go.
 - Finally, the Presbytery /PC(U.S.A.) is affirming the dynamics of Reforming, rather than wringing its hands over dying.
 - Love wonderful speakers. Would like them on-line to hear sermon again.
 - Microphone for speaking from the floor.
 - Have more meetings at this church – lots of restrooms.
 - Better use of sound system.
 - Shorter – especially all the speaking.
 - I would like to see the sermons from the worship service are recorded and made available on the website.

- Shorter worship. Separate cup for gluten-free (maybe small cups available).
Mission event – people with kids have to get home after meeting; eliminate energizers.
- Eighty minutes is too long for worship at Presbytery. The energizer was silly. The same thing could have been accomplished without being ridiculous.
- More interaction/sharing our lives as pastors.
- Encourage youth to attend Presbytery meeting (this means Saturday meeting).
